Installation

The installation of ReverseTap system is almost identical to the traditional draft beer system. All you have to do is just switch the traditional beer tap with ReverseTap dispenser. All types of installations of in-counter type (RD-SF-Series and RD-BF1) and counter-top type (RD-BL2, RD-SL2, RD S-Series, and RD-PL2) are available. Also, all types of refrigeration systems(chiller, kegerator, cold room, etc) are compatible.

- Please install ReverseTap after speaking with skilled personnel for proper installation and use.
- Please read the Instruction manual in the product or ReverseTap website.
- Please refer to the Installation guide video on ReverseTap YouTube.
